

Extended Description- 7.a Coppa Garisenda (17–18 ottobre 2026)

The **7th Coppa Garisenda**, organized by the **Club Bologna Autostoriche** and scheduled for **17–18 October 2026**, is set to offer a truly unique edition celebrating the elegance of vintage cars and the historical and artistic heritage of the Province of Bologna. The event takes its name from the famed **Garisenda Tower**, one of Bologna's iconic Two Towers, mentioned by **Dante Alighieri** in the *Divine Comedy* and currently undergoing important preservation measures due to its worrying inclination.

This edition features an exclusive itinerary leading participants through **noble villas, patrician residences, and historic estates**, many of which will be **exceptionally open to the public for the first time**. These architectural treasures represent some of the most significant examples of the region's cultural heritage.

Along the route, crews will traverse rolling hills, monumental gardens, tree-lined avenues, quiet villages, and ancient courtyards rich in history, creating a refined dialogue between the charm of classic vehicles and the evocative settings that host them. Each stage will offer a different experience: visits to normally inaccessible residences, discovery of environments untouched by time, and the opportunity to immerse oneself in atmospheres rarely shared with the public.

The Coppa Garisenda is not merely an automotive event—it is a true **cultural and emotional journey**, aimed at enthusiasts, collectors, and admirers of art, history, and the landscapes of the Bolognese territory. The event seeks to highlight what makes this land unique: the ability to unite tradition and innovation, elegance and authenticity, conviviality, and a deep respect for its historical roots.

With a rich and carefully crafted program, the **7th Coppa Garisenda** reaffirms its mission to promote and celebrate historic automotive culture while enhancing a territory of extraordinary value. An edition to be experienced with curiosity, calm, and a spirit of discovery—an opportunity to be surprised, inspired, and moved.
